FLATWATER BANK
Still Pioneering

Goodbye

As most of you know by now, my husband has been
transferred and I will be leaving. The board is interviewing
to fill my position and I hope you greet the new clerk with
the same openness that I have received. You will all be
missed.

Thank you for all of your support and patients while I was
learning.

Becky

Village Clerk

Flatwater Bank is excited to announce a remodel of our Brady branch later this
summer. The goal is that no banking services will be disrupted during the facility remodel,
and we will have staff remain on-site and available throughout the project.

The remodel will make the branch entrance and customer areas accessible to everyone
and make necessary security updates, which will prevent future disruptions to our banking
services.

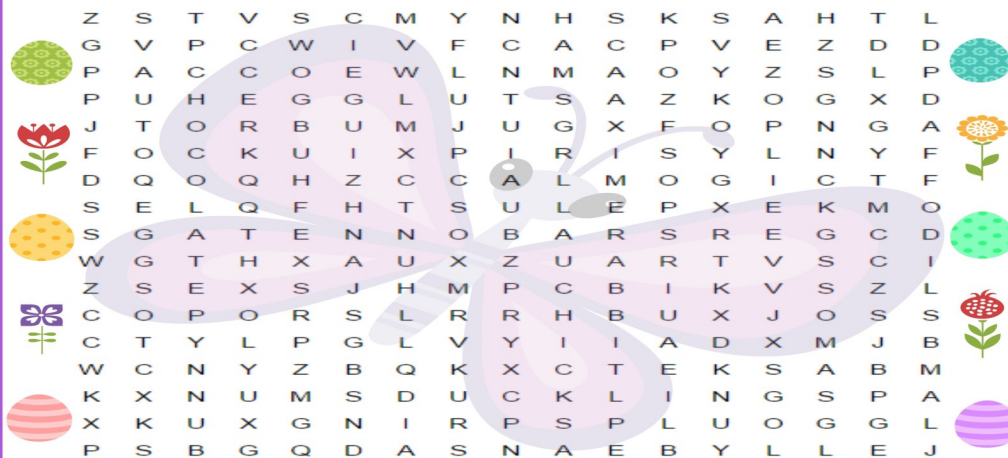

We are always looking for ways to serve the Brady community, so another feature we are
excited about is a community conference room. The remodel will include a large
conference room area available for community members to use if needed.

The project also includes adding an ATM inside the branch, available 24 hours a day, 7
days a week. The new ATM will allow customers to deposit cash and checks and conduct
standard ATM functions such as withdrawing cash, checking balances, and making
transfers.

Making this investment in the Brady community will allow the bank to continue serving
your banking needs today and into the future. We invite you to stop by the branch to view
plans for the upgrades!
