**Come read, sing,
and learn with
us!**

at Brady Public Library

Christmas Is Coming, and You Know What That Means?

Others are going without the basic needs.

**So "sock" it to us at the Brady United Methodist Church, with
Caps, mittens, and scarves too, so others won't need to go without,
because of you!**

**We could also use undies (sizes 4T-6x for girls and boys), plus socks of
all sizes to bring others joy.**

**Throw in some work gloves, and please make the items new, because
it is the Christmas Season, and no one should be blue.**

Donations will be taken until Dec. 11! Then they will be distributed.

Tis the Season to be warm and toastie too!

Know in advance, we appreciate YOU!

May you be as blessed, as those who will be receiving them will!

Should you have a coat that you don't need, please leave these too!

**Donations can be left at the UMC of Brady, on Sundays from 10am-12, &
Wed. from 6:30-9:00 pm, or at 212 N. Market Street 8:00 am-8:00 pm, M-Sat.**

**The items donated will go to our Brady Public School, to those in the area with needs, and The Women's
Shelter in North Platte**

PRESS RELEASE - FOR IMMEDIATE DISSEMINATION

The Village of Brady has adopted the All Hazards Siren to replace the Tornado Siren. The siren itself will not change, only the procedure to sound it will. Starting January 1st, 2023, the Village of Brady will go to the All Hazards Siren.

The events that the siren will sound for are as follows:

- Tornadoes
- Radar signature of strong, persistent rotation of a funnel cloud or potentially life-threatening weather event within 10 miles of an affected community and in the path of the event.
- Straight line winds in excess of 80 mph, often indicative of damaging straight-line winds associated with a Severe Thunderstorm.
- Potentially life threatening or damaging hail of 2.75" in diameter or larger (i.e. tennis ball size or larger).
- All Hazard Outdoor Warning Sirens within the affected communities should be activated upon NWS WEA activations of a Severe Weather WEA activation.
- Flash Flood with the Threat Tag "Considerable" or "Catastrophic"
- Polygon-based Dust Storm Warning
- Severe Thunderstorm Warning with the Threat Tag "Destructive"
- Or a large-scale Hazardous Materials Spill that could harm the general Public if action is not taken.

Remember to have a weather radio, apps that alert you of hazardous weather and other dangerous events in your area. Sign up for the free Smart 911 which will sign your cell phones up for Rave Alerts, Lincoln County and North Platte's Emergency Notification system.

THE ACTIVATION OF THE OUTDOOR ALL HAZARDS WARNING SIREN SHALL MEAN THAT CITIZENS SHOULD MOVE TO A PLACE OF SAFETY. DETAILED INFORMATION SHALL BE GIVEN TO LOCAL MEDIA AS TO SPECIFIC ACTIONS TO BE TAKEN BY THE PUBLIC AND THAT THE SIRENS SHALL NOT BE USED TO ISSUE AN ALL-CLEAR SIGNAL.

For Further information or questions, you can contact
Region 51 Emergency Management at 308-532-7383.
