Aging brings many joys, but our older years can also bring difficult life transitions and the loss of loved ones.

Senior Life Solutions, an intensive outpatient group therapy program, is designed to meet the needs of individuals over the age of 65 struggling with depression and anxiety often related to aging.

If you or someone you know is experiencing any of the following, we can help:

- Recently experienced a traumatic event
- Loss of spouse or close family member
- Loss of interest in previously enjoyed activities
- Changes in appetite
- Difficulty sleeping
- Loss of energy
- Feelings of sadness or grief lasting more than two weeks
- Feelings of worthlessness or hopelessness

Following an individual assessment, group participants meet three times per week in a supportive, encouraging setting. Anyone can refer individuals to the group including family members, physicians, or other health professionals.

Depression is not a normal part of growing older. You're not alone.
